

Infrared remote control

Digital oxygen flow regulator

Large LED panel

Anion function

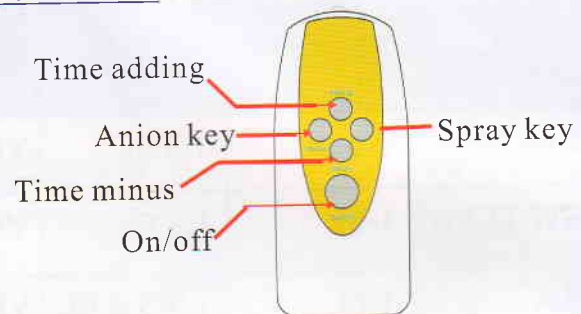

Nebulizer

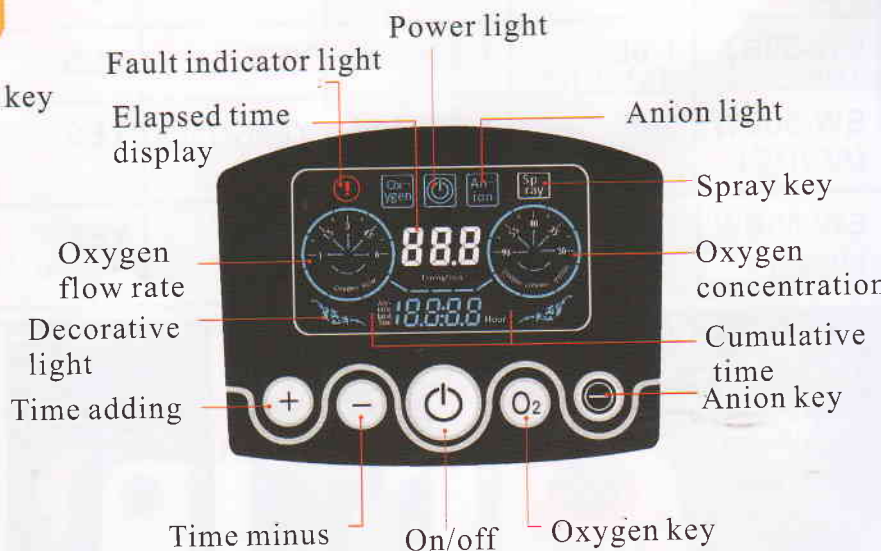

Inner humidified cup and flow meter

LED screen of EW-60 Series

LED screen of EW-61 Series

EW-60 Series

EW-61 Series

Technical Data

Model: EW-60/ 61series
Flow Range : 1-9L / Min (mannul 60/ digital 61)
Oxygen Concentration : 35%-95% adjustable
Inhalation: headset type,nasal tube
Outler Pressure:<100Kpa
Sound Level:48db
Negative oxygen ions:>6 million particles/cm³
Display control:LED timer display,smart chip
Color: Siliver, Gray, Orange
Dimension:360 * 203 * 364 mm
Weight:6.8kgs
Power Supply: AC110V / 220V/DC13.8V
Input Power: <50W
Working power: <130W
Charging time:> 7 hours (with battery)
Built-in standard battery operating time:> 1 hour (fully charged)

Standard Accessories:

- Silicone gas piping 1PC
- Headset oxygen inhaler 1PC
- Nasal oxygen inhaler 1PC
- Air Outlet Nozzle 1PC
- Air inlet filter cotton 1PC
- Remote control 1PC
- 1.8m power line 1PC

Option:

- Extended battery and charger (1 hour or 2 hours)
- DC car charging line
- Nebulizing Mask (spray function)
- Oxygen flow:9L
- Space Oxygen** adding function(reach 30% in room)
- Couple Oxygen Separator
- Collector Assembly
- Carried bag /Trolley case
